ENGINEERED MARVEL

MARBLE & QUARTZ COLLECTION

25
YEARS
GOING
BEYOND

ENGINEERED MARVEL

MADE TO STUN

Welcome to the world of brilliance, innovation and beauty. Born in 2009, Kalingastone is proudly made in India and adorned by the world. Consisting of marble, terrazzo and quartz, is nothing short of stunning.

Each stone is a composite construct of crushed stones bound together and finished to perfection.

Come, uncover this marvel and add the edge of engineered elegance to your creation.

Kalinga*Stone*[®]

TERRAZZO, MARBLE & QUARTZ COLLECTION

Engineered Quartz is being used more than ever before for interior decoration in residences as well as commercial establishments. Its hardness, non-porous nature and stain resistance properties make it an ideal solution for covering bathroom walls and countertops in kitchens.

QUARTZ COLLECTION

USPs OF QUARTZ COLLECTION

- **Food Safe**

Kalingastone Quartz is certified by NSF International as a safe and secure surface for food

- **Resistant to stains and scratch**

A lower absorption rate of <0.05% than even Natural Granite, makes it immune to stain

- **Homogeneous**

A benchmarking consistency in the shade, thickness and texture is ensured

- **Impervious to heat and colour**

Remains indifferent to heat and colour

- **Requires minimal maintenance**

The non-porous, sturdy, stain-resistant surface makes it easy to clean and hygienic to use.

Versatility of Application

The sophisticated nature of the product makes it suitable for all modern living settings.

TERRAZZO, MARBLE & QUARTZ COLLECTION

Globally known for its flawlessness in bringing visions to life, Kalingastone Marble is a range of stones that speaks the language of opulence and panache built with imported marble powder / grains / lumps on the inside to reflect true strength, high compaction and long lasting gloss value on the outside.

BORN A MARVEL

The Classic Marble Company (CMC) is proud to be recognised as India's largest and foremost importer in the architectural world of stones. Since its inception in 1994, it has been the only company to supply more than 150 million square feet of imported marble in the country. CMC is also the biggest supplier of natural marble and granite along with other precious stones such as travertine, onyx, limestone and a host of exotic stones, which are procured from some of the finest reserves in the world.

ISO 9001: 2015, ISO 14001: 2015, 45001-2018 Certified Company, CMC is headquartered in Mumbai and operates exclusive showrooms in Mumbai and Silvassa, Characterised by value-oriented service and professional expertise, CMC is a reputed single source for over 500 exquisite stones from over 45 different countries that include Italy, Turkey, Spain, Greece, Brazil, USA, Sweden, Norway, Mexico among others.

To keep up with changing trends, Kalingastone a brand producing engineered stones namely marble and quartz was launched, which today is a dominant player in the segment. Shortly after, CMC launched a niche range of ultra-thin, large-sized porcelain slabs under the brand Kalesinterflex from Turkey. CMC also has the Porcelain slabs – Quadra from Indonesia and Techlam from Spain, meeting the highest standards in quality and express magnificence.

EXPLORE OVER 150 POSSIBILITIES

The artistic brilliance of Kalingastone, an engineered Marble and Quartz range, has helped bring visions to life across globe. The design possibilities are limitless with an ethereal collection of over 150 designs and shades. Over the years, the brand has made its global presence prominent in 66 countries through its unmatched quality and its adherence to International standards.

Being awarded the 'Indian Power Brand' in the Marble and Stone category and 'Best Innovative Products' by Indian Institute of Architects, Mumbai in 2010 stands as a testimony to the superior artistry and pedigree of Kalingastone.

ENGINEERED

BY CUTTING-EDGE TECHNOLOGY

CMC has a 200,000 sq.m. state-of-the-art plant in Silvassa, which is one of the biggest production plants in the country. The plant houses four separate factories for producing natural marble, engineered marble and quartz. The plant is equipped with world-leading polishing machines from SIMEC (Italy) with 36 polishing heads and completely automated tiling, plant is capable of producing 5000 sq.m. polished marble and 2000 sq.m. polished quartz every day. The Kalingastone factory produces 25 million sq. ft. of composite marble and 15 million sq. ft. of quartz per annum.

ENGINEERED WITH THE BEST INTEREST OF ENVIRONMENT AT HEART

CMC was, has, and will always continue to do everything in its potential to ensure a healthier planet. What makes CMC a highly environmentally conscious company is its Go Green initiatives, optimum use of natural resources, the utilization of more than 90% of re-cycled materials and the continuous re-use of water from various different processes.

STRONG SALES

AND DISTRIBUTION NETWORK

CMC has over 400 dealers present across all major cities. An extensive network of distributors and stockists are present in Delhi, Mumbai, Bangalore, Kolkata, Hyderabad, Pune, Nagpur, Sangli, Aurangabad, Nashik, Goa, Lucknow, Kanpur, Ludhiana, Baroda and Coimbatore. The brand also has company depots and showrooms in Mumbai and Silvassa.

PROUDLY PRESENT IN 66 COUNTRIES, 6 CONTINENTS

Made in India but appreciated by the world, Kalingastone has extended its brand presences across the borders to over 66 different countries. Owing to its wide range, the brand has been a preferred choice for prestigious projects globally, a testimony that confirms to its superior quality and adherence to global standards.
